GROUP HISTORY

The Electro Group of companies have been delivering reliable and cost effective solutions to an ever growing and prestigious clientele for over three decades.

The group has 3 main concerns as follows:-

ELECTRO COOLING CENTRE L.L.C

- MEP Contracting
- Facility Management

ELECTRO COOLING ESTABLISHMENT

- Refrigerated transportation Systems & Automobile Air-conditioning solutions
- Cold storage Contracting and Maintenance

FIVE RIVER PROPERTIES L.L.C

- Property Management & Investment Consulting

Electro Cooling Centre LLC is the pioneering company which was founded in Abu Dhabi in the year 1981 to deliver HVAC, refrigeration, heat management, electrical and mechanical projects and services to complex industrial projects, residential buildings and institutional complexes. The group rapidly diversified its services to include automobile air-conditioning and refrigeration solutions for modern supply-chains including cold-storages, refrigerated transportation systems & automobiles.

The group has since expanded its presence in Abu Dhabi City, Mussafah and Al-Ain and has maintained on average 250 members on its permanent payroll. We believe in building strong relationships with our customers, who view Electro Group as the symbol of reliability.

Mr. Surjit Singh, a well known and influential figure of the U.A.E. business community is the founder and managing partner of the group.

ELECTRO COOLING CENTRE L.L.C.

Electro Cooling Centre is the leading division of the group and has maintains on average 250 members from division managers, project managers, engineers, supervisors and a permanent force of skilled technicians handpicked from premier engineering and technician institutions.
